

# Newborn Baby Checklist

## Baby sleeping essentials

- ☐ **Zip sleepsuits** – perfectly practical for night changes, and so so soft for those snuggly, newborn bubble days.
- ☐ **Sleeping bags** – we recommend a lighter 1.5 tog and 2.5 tog for colder months, but you can always check out our sleeping bag guide for a little more info.
- ☐ **Soft swaddle blankets** for soothing little wrigglers.
- ☐ A **baby monitor** for when they are sleeping or napping in another room.
- ☐ A cuddly **comforter** or two can be a great gift for little snoozers.

## Baby feeding essentials

- ☐ **Muslins** are great for mopping up spills, and throwing over your shoulder while burping or feeding. These dribble-proof, multi-use accessories are a must-have!
- ☐ **Baby bibs** are made for spills and messy meals, so grab a few for slurping, crunching and breakfast munching. Discover wipe-clean styles as well as machine washable wonders.
- ☐ **Baby bowls & cutlery sets** to make weaning a breeze. Here comes the aeroplane!
- ☐ Sip sip hooray! **Sippy cups & baby drink bottles** will have your tiny tot feeling oh so grown up. After all, crawling, playing (and mischief-making) is thirsty work...

## Baby nursery essentials

- ☐ **Baby blankets** are a great addition to little spaces, helping to add to the soothing and oh so cosy atmosphere.
- ☐ Get **cot beds** that suit your and your baby's needs. In those early months, a next-to-me cot or bedside cot makes late-night feeding a breeze, and as they begin to sleep more independently, you may want to find a stylish snooze spot to make the nursery colours pop!
- ☐ **Nursery & toy storage** – important for keeping little playrooms clutter-free after those toy-scattered days.
- ☐ Add some playful **nursery décor** to not only make a fun-filled space but to also give your little one a special sense of ownership of their room.

## Baby bath essentials

- ☐ **Baby bubble bath/toiletries** that will be sensitive to young skin.
- ☐ **Bath toys and books** can be great for adding a bit more fun to bath time, keeping little hands busy while you clean them up.
- ☐ **Bath robes or fluffy towels** are perfect for bundling up and snuggling after bath time, making them extra cosy so little ones can wind down to a good night's sleep.

## Baby gear essentials

- ☐ Find **prams and pushchairs** that are suitable to the size and needs of your baby.
- ☐ Pick out some **pram accessories** – these can help to make those first journeys more comfortable for you and baby, too!
- ☐ **Pram toys** are handy to have as they keep little hands (and little minds) occupied if they get a bit fussy.
- ☐ Pack your **changing bag** with a **changing mat** and a **spare baby outfit** for those inevitable little leaks.

## Baby playtime essentials

- ☐ **Squishy soft toys** are a great first companion for little world explorers, made to be loved for years and years.
- ☐ **Rattles and teethingers** are perfect play pals or those wriggly days.
- ☐ **A fabric book or two** – a great way to engage your baby in the world of reading (and may even inspire those precious first words!)
- ☐ **Activity toys** introduce curious little minds to interactive and imaginative play.
