

Working with other B-Corps makes JoJo part of an incredible, forward-thinking community that we are proud to be a part of. We believe in leading the way to a better planet for everyone. That's why it's important to us that we celebrate not just our own achievements, but the wonderful work of other B-Corps who make this happen. Together, we build a better future.

#### **B-CORPS WE WORK WITH:**

##### **Climate Impact Partners**

We work with them to help both decrease and balance our Carbon emissions by supporting GOLLA and an Indian Solar farm. For the last two years we have been UK operationally carbon neutral and have also balanced what we have estimated is our carbon footprint for our manufacturing in India.
